COURSE DEVELOPMENT

S2019 + S2015 ART 4713 Adv Print Production + ART 4990 Special Topics: Graphic Design Collaboration
MISSISSIPPI STATE UNIVERSITY / Starkville, Mississippi USA

CE + SL (Community-Engaged + Service-Learning) Undergraduate Graphic Design Electives

In Spring 2015, I developed an ART 4990 Special Topics class to accommodate a semester-long product design collaboration with DPM Fragrance. DPM Fragrance (now CURiO) is an award-winning candle, fragrance, and bath/home goods company that designs, pours, and markets custom candles for high-profile clients such as *Anthropologie*, *Tory Burch*, and *Nordstrom*. Members of DPM's design team provided expert insight and assistance throughout the semester as students conceptualized and produced custom candles. The students' designs were professionally painted/printed, wicked, and poured. Logos, packaging designs, catalogs (with original copy), and POP displays were also developed.

I was thrilled to be able to offer the collaborative class again in Spring 2019 as a special section of ART 4713 Advanced Print Production. A new generation of CURiO (formerly DPM Fragrance) employees joined the old to provide support as students developed custom candles, packaging elements (candle bases, boxes, lids, etc.), and promotional materials. CURiO's 2019 creative team included 5 recent MSU graphic design graduates. I am proud to say 2 of the 8 CURiO professionals who served as mentors for the Spring 2019 class were students in the Spring 2015 Special Topics class.
