- Pond Production, Water Quality, and Physiology
- Snail Ecology & Control
- Copper Control of Snails
- Catfish Nutrition
- Economic Contribution of the Catfish Industry
- Technology Progress in the US Catfish Industry
- Catfish Viruses

3

North Mississippi Producer Advisory Council

- North MS Research and Extension Center, Verona
- Every Year in February (close to CFA Meeting time)
- Starkville, Stoneville, and SRAC updates
- MSU's Response to last year's 5 requests from producers
- Research and Extension needs for next year

4

MSU Extension Service

- Dr. Jimmy Avery – Extension Aquaculture Leader
 - National Warmwater Aquaculture Center, Stoneville
 - jimmy.avery@msstate.edu
 - 662-686-3273 (Office)
 - 662-402-6544 (Cell)

5

MSU Extension Service

- Crayton Coleman, Noxubee (662-726-5723)
- Reid Nevins, Lowndes (662-328-2111)
- Randal Nevins, Monroe (662-369-4951)
- Dr. B. J. McClenton, Clay (662-494-5371)
- Cody Mills, Chickasaw (662-456-4269)

6

MSU College of Vet. Medicine

- Dr. Larry Hanson – Professor
 - Comparative Biomedical Sciences, Starkville Campus
 - 662-325-1202 (Office)
- Dr. Matt Griffin – Research Professor
 - National Warmwater Aquaculture Center, Stoneville
 - 662-686-3580 (Office)
