

Michael A Berk AIA

EMERITUS DIRECTOR | EMERITUS PROFESSOR OF ARCHITECTURE
 REGISTERED ARCHITECT [CA+FL]

Michael A. Berk is the former director (2009-2019) of the *School of Architecture @ Mississippi State University* and senior faculty member (29 years) where he held the *F.L. Crane Endowed Professorship*. He is a registered architect (California & Florida) with an extensive practice as a design partner and project architect prior to his academic career. Berk taught and researched in the areas of: digital media + information design and factory-built housing (*GreenMobile®*). He is considered by many to be a leading expert in the area of ecological design - - and, is often invited nationally to lecture on this topic. Recent invitations include: *Univ. of Florida SoA Lecture Series*, the *U.S. Oak Ridge Na'l Laboratory @ Oak Ridge, TN*; the *Hearst Lecture Series @ Cal Poly San Luis Obispo*; *Auburn's Rural Studio Lecture Series*; *Texas A+M College of Architecture*; and the *National Building Museum in the U.S. Dept. of Energy's "Building in the 21st Century" Lecture Series*.

Under Berk's guidance, in 1992, MSU was the first professional architecture program to require its students to purchase laptop computers for use in the design studios, changing the paradigm of architectural education. This *'Digital Nomads'* initiative brought significant attention to the School and was cited in the seminal *Carnegie Foundation 'Boyer Report'* as a model for architectural education.

In Spring 2014, Berk received the *University of Florida 'Distinguished Architecture Alumni Award'*. Berk has been responsible (as P.I. or Co-P.I.) for over \$7 million in funded research at MSU and the state of Mississippi. His most significant project with the *Carl Small Town Center* (including *USDA, HUD, DOE and FEMA* funding) involved the design and manufacture of the ecologically-minded, low-cost *GreenMobile®* home unit for the Southeast and the Delta regions. In 2006, the *GreenMobile®* was awarded \$5.8 million dollars by *FEMA* in the *Alternative Housing Pilot Program (AHHP)* for post-Katrina disaster-relief housing on the *Mississippi Gulf Coast*. This same project was also awarded *FIRST PLACE* in the 2007 *US EPA + AIA* sponsored *Life Cycle Building Challenge Competition* in the Professional: Unbuilt category.

Berk received numerous awards for his teaching and research at MSU.

At the national level, Berk's *Passive Systems* core course on 'ecological design' received special recognition in the *American Institute of Architects Eco-Literacy in Education Program*. Berk was named *Director Emeritus* and *Professor Emeritus* by the MSU Provost's Office in July 2019 and currently maintains an office in the *Carl Small Town Center* at the MSU School of Architecture.

[M. Berk, Co-P.I. w/ Herrmann + Gines] Spring. 2014
Studio project
*Programming and design proposal for a new museum in
Pascagoula MS on an island of the river near Ingels
Shipyard. Design 4B Studio Project]*
Amount Awarded: \$12,500

- Applied Software (Autodesk) Student Training + Lecture
Student training modules for Design Studio
[M. Berk, P.I.] Oct. 2011 - Feb 2014
Amount Awarded: \$24,500

- Adkerson Foundation (w/ MSU Foundation)
Adkerson Guest House Feasibility Design Study
[M. Berk, P.I. w/ H. Herrmann, Co-P.I.] Jan. 2011
Design Development + feasibility study in 4th year Design Studio
Amount Awarded: \$10,000

- US DOE (Dept. of Energy) Affordable Energy-efficient Self-help
housing in MS for [GreenMobile®](#) Prototype
[M. Berk, Co-P.I. w/ Cari Varner, P.I. CSTC] Nov. 2008
Develop prototype construction with manufactured housing company.
Amount Awarded: \$55,000

- MEMA ECO-Cottage Disaster Relief Housing
[M. Berk, P.I.] Feb. 2007
*Design adviser for modifying GreenMobile® into the
'Mississippi Eco-Cottage'*
Amount Awarded: \$49,000

- FEMA Alternative Housing Pilot Program for [GreenMobile®](#)
[M. Berk, P.I. w/ MS Governors Office] Dec. 2006
*Prototype engineering to produce 100 units for the
MS Gulf Coast (post Katrina)*
Amount Awarded: \$5.8 million

- USDA RBEG (Rural Business Enterprise Grant) for [GreenMobile®](#)
[M. Berk, P.I. w/ Kimberly Brown, Co-P.I.] Oct. 2005
*Feasibility and technical study for the design/manufacture of
green mobiles homes in Eupora MS*
Amount Awarded: \$145,000

- LEARNING COMMUNITY Grant: MSU (Provost Office)
[M. Berk, Co-P.I. w/ C. Monson, P.I. et. al] Fall. 2005
Building Better Student Critique in Studio-based Learning
Amount Awarded: \$12,000

- MS HOME CORPORATION Sustainable Master Planning:
[M. Berk, P.I. w/ K. Brown, Co-P.I.] Fall. 2003
*Research + Design for a Sustainable Manuf. Home Park
Master Plan in the Delta*
Amount Awarded: \$25,000

- MASTER PLAN downtown / Housing (Laurel MS)
[M. Berk, Co-P.I. w/ Kimberly Brown, P.I.] Fall. 2003
Amount Awarded: \$2500

- AUDUBON Strawberry Plains Grant (Holly Springs MS)
[M. Berk, P.I.] Fall. 2002
*Research + Design for a Sustainable Master Plan and
Nature Center @ Strawberry Plains Audubon Sanctuary;
design + construction of bird dwelling research units.*
Amount Awarded: \$3500

- HUD Low-Cost Sustainable Housing w/ STC
[M. Berk, P.I. w/ Small Town Ctr] Fall. 2001
*Research + Design for a Sustainable Pre-Manufactured
Low-cost Mobile Homes for North Mississippi and Delta.*
Amount Awarded: \$55,000

- MSU Arts + Humanities Grant
[M. Berk, P.I.] Spring. 2002
*Funding for travel and materials to research: The Sustainable
Principles of Native American Architecture via 'original' method
of documentation: called "Photo-Analytique Mappings".*
Amount Awarded: \$4135

- MSU Product Design Feasibility Study (Self Study)
[M. Berk, P.I.] Summer. 2001
*Funded by the Furniture Industry (and F. Carl) to Research
the Feasibility and Pedagogy for developing a Product Design
Department at MSU. w/ publication.*
Amount Awarded: \$15,000

- VIKING RANGE Corporation MVSU CENTER
[M. Berk, P.I.] Fall. 2000 Studio project
Amount Awarded: \$6700

Downtown Greenwood study of historic building and its 'sustainable' retrofit as a MVSU Student Center. Design-build constructions for park in downtown along the Yazoo River. [Design Studio Project]

- VIKING RANGE Corporation PRE-FAB Classrooms Amount Awarded: \$5082
 [M. Berk, P.I.] Fall. 1999 Studio project
Research and Design for Modular Low-Cost Sustainable Portable Classrooms for Mississippi School Districts. Design-build constructions for MSU Aiken Village Pre-School Playground.

- VIKING RANGE Corporation PRE-FAB Housing Amount Awarded: \$4500
 [M. Berk, P.I.] Fall. 1998 Studio project
Research and Design for Modular Pre-manufactured Sustainable Low-Cost Housing for an experimental housing village in the Delta. Leflore County, MS

- DEPT of COMMERCE NASA Yellow Creek Eco-Master Plan Amount Awarded: \$225,000
 [M. Berk,(P.I. for architecture) & Co-P.I. w/ Dan Brook, P.I.] Aug.1995
Developed guidelines for a Sustainable & Economic Industrial Development with an ecological-based digital master plan for the Yellow Creek Rocket Plant site in NE Mississippi on the Tenn-Tom Waterway. Produced two video documents aired on MS PBS. w/ Charles Calvo + MSU TV Ctr.

- FORM Z Joint-Study Software Grant Amount Awarded: \$21,000
 [M. Berk, P.I.] 1995 - 2000 yearly *(Yearly)
Joint study program w/ Autodesk, Inc to use and test their modeling software in both the studios and research.

- MSU Computing Center (ELECTRONIC Auditorium Prototype) Amount Awarded: \$25,000
 [M. Berk, P.I.] 1994-6
Funding to incorporate digital teaching technology in the S/ARC Auditorium [prototype set-up for podium dock + projection system]. Prototype for one of first smart classrooms on campus.

- MSU Provost COMPUTER LAB Grant Amount Awarded: \$20,000
 [M. Berk, P.I. w/ John McRae] June 1993
Prototype computer Docking Stations (to 'jack into' network) installed in the S/ARC Library; MSU TV video clip (2 Minutes) shown on a CNN technology broadcast. 'Notebook in Every Backpack'

- AutoDESK / SIVAD EDUCATION Grant Amount Awarded: \$260,000
 [M. Berk, P.I.] Nov. 1993
Pioneered student software purchases w/ AutoDesk. Established a national protocol for for student discounted AUTOCAD software purchases; included student + faculty training.

- AutoDESK / SIVAD EDUCATION Grant Amount Awarded: \$180,000
 [M. Berk, P.I.] Nov. 1992
Pioneered student software purchases w/ AutoDesk. Established the first national protocol for for student discounted AUTOCAD software purchases; included student + faculty training.

- INTEGRAPH / MicroStation EDUCATIONAL Grant Amount Awarded: \$2000
 [M. Berk, P.I.] June. 1992
Faculty Training and Network Software

- SANDERSON Fund For Educational Excellence (MSU) Amount Awarded: \$16,500
 [M. Berk, P.I.] Sep. 1991
Design + Prototype Mac Graphics Lab for Digital Design course

- SUN MICROSYSTEMS Educational Grant Amount Awarded: \$85,000
 [M. Berk, P.I.] May. 1991
Faculty Network, w/ 12 Sun Workstation computers, servers + software

- ACSA FELLOWSHIP to ACSA Computer Institute @ Cal Poly Amount Awarded: \$4330
 [M. Berk, P.I.] July. 1990
Fellowship Think Tank for Computation @ California State Poly University, Pomona CA

Prototype: LAPTOP DOCKING STATIONS 1992
 [w/ Jerry Matthews, Director of MSU Computing Center] Funded by the MSU Computing Center to design and test a "docking station environment" for architecture students and their portable machines. The docks accommodated an open environment w/ a variety of machines and operating platforms. Library study carrels were modified; these were one of the first docks (in the USA) for university students to be able to "jack-in" to the local support network + beyond.
